Interesting Facts About Centenary

Founded 1825 at Jackson, Louisiana, under the name of "The College of Louisiana." Later the name was changed to Centenary College of Louisiana.

The 104th session opened September 19th, 1928.

The College buildings were occupied by union troops during the Civil War. Much damage was done except to the Union Literary Society Hall. Its name probably protected it.

Dr. George S. Sexton
President

The number of hound dogs a student might bring to school with him was limited to two in the early days, by action of the Board of Trustees. The regulation still remains.

In the minute book of the faculty, under date of October 7, 1861, the following appears written across an entire page: "Students have all gone to war. College suspended and God help the right!"

Centenary College was moved to Shreveport in 1908.

Total enrollment college students, 1920-1921	43
Total enrollment, June 1927 to June 1928	983
Increase	940
Endowment, June 1928	$650,000.00

Annual commercial value of Centenary College to Shreveport with 500 students in attendance, $550,000.00.

Centenary College is a member of the Association of Colleges and Secondary Schools of the Southern States, the Association of American Colleges and The Southern Intercollegiate Athletic Association.

Centenary has graduated, since 1921, 236 students. The class of 1928 had 83 members. Graduates of the last six classes are located in the following states:

Wisconsin	Kansas	Iowa
Virginia	Pennsylvania	Texas
New York	Arkansas	Illinois
Tennessee	Connecticut	Georgia
Florida	Louisiana	Oklahoma
Mississippi	New Mexico	Old Mexico

Centenary graduates are employed in thirty different professions and businesses.

Centenary has reached its limit in enrollment. New buildings and additional endowment are needed to adequately care for students now in attendance and those who want to come.

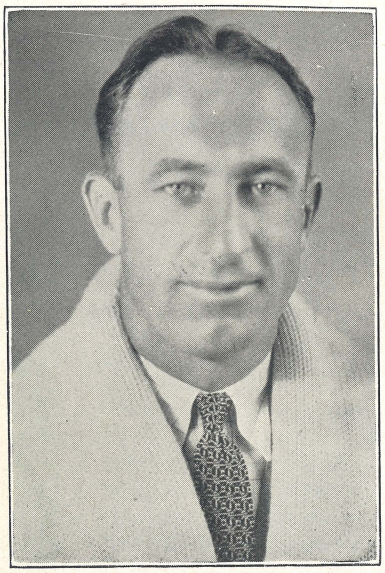
HOMER H. NORTON

Athletic Director and Head Coach

Coach Norton came to Centenary from Birmingham Southern College. He has been connected with the athletic department of Centenary since 1920 and has had a big share in the development of high class athletics at Centenary.



GEORGE D. HOY

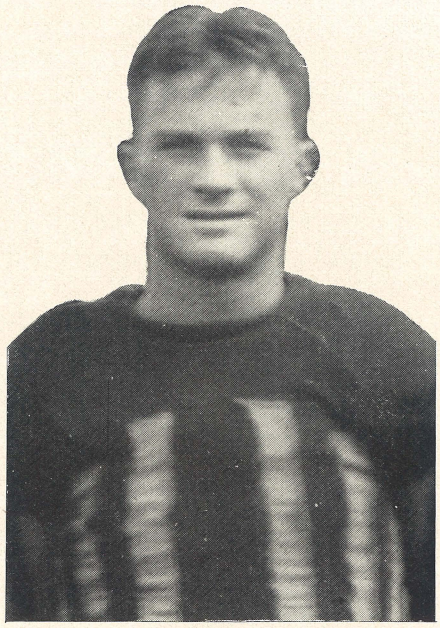
Assistant Coach

Coach Hoy this year begins his third season as backfield coach. He is a graduate of Nebraska and coached the state championship Shreveport high school team for several years before coming to Centenary.

CURTIS PARKER

Freshman Coach

Coach Parker came to Centenary after a successful athletic career at Arkansas University where he graduated. His freshman teams at Centenary have been successful and he has developed fine material for the varsity squad each season.



FILES "DUTCH" BINION

Last year's captain, who this season joined the Gents coaching staff. Binion was one of the most popular athletes ever on the Centenary campus. He lettered in football, basketball, baseball and track.

A BETTER FUEL FOR ANY MOTOR

Sparco Anti-Knock Gasoline is a better fuel for any motor, an essential fuel for high compression motors.

It gives old automobiles new life, new pep and new stamina--- 1929 power plants reach peak efficiency with this natural anti-knock fuel. Motorists leaving your station with Sparco can "step on it" and know that they will get lightning response. They can take the hills with effortless ease and leave traffic far behind.

Every mile traveled is a reminder to call again for Sparco.

THE UNITED STATES SUPREME COURT

Says Good Will "is the disposition of a well pleased Customer to return to the place where he has been well treated." We like this definition because it agrees identically with our own. Good Will we believe, is not a passive, indifferent quality - but a vigorous force which can only be secured by continuous appliance to earn it. Good Will through deeds rather than through rhetoric.

It is needless for us to say that Centenary College and the "Gentlemen" have our Good Will and support—

JAKE HANNA

Halfback and Assistant Quarterback

That this page of the 1928 Centenary Program was chosen to tell the Chrysler-Plymouth story was not an accident. The story of Jake Hanna, Louisiana's greatest athlete, and the story of Chrysler, the nation's greatest car, run so nearly parallel, that we selected this space for a brief history of Jake's prowess on the gridiron and of Chrysler's service to the nation.

It was a little more than four years ago that Jake first made the Shreveport High School Team.
Chrysler launched his first car during Jake's freshman year and each has attained highest honors in their respective fields.

"JAKE" HANNA

Jake played on the Shreveport High School Team four years, graduated in 1926—Three letter man; football, basketball, and baseball. Played on Varsity Centenary College 1927—Two letter man; baseball and footbal
He is a triple threat man.

We chose to tell the Chrysler-Plymouth story on the page with Jake Hanna's Photograph because his record so accurately typifies the endurance, strength and speed, the rugged honesty, the enterprise, and the determination to achieve so forcibly shown by Chrysler's dominant place in the motor industry.

FRED WILLIS

RECOGNITION OF CENTENARY GENTLEMEN FROM 1927.

The following appreciation of the strength of the Centenary College football team is from the New Orleans Times-Picayune, indicating that the Gents are rapidly gaining the recognition they so richly deserve.

"In commenting on the rapid strides that have been made by Texas teams in a football way, we overlooked mentioning the fact that S. M. U. of Texas, the team which recently beat Texas just after Texas got through trouncing Vanderbilt, finished second to a good old Louisiana football team.

"Centenary College, of Shreveport, unbeaten this season and with one of the best teams in its history, beat S. M. U. 21 to 12 several weeks ago.

"Now, the score of one football game doesn't count for so much, but when you consider that S. M. U. not only trimmed Texas but literally swamped Missouri, you must admit S. M. U. has the goods.

"And the Centenary Gents not only trimmed those same S. M. U. boys, but have beaten everything else they have met this season, including one or two other Texas teams."

ALMA MATER

Where the sleepy, silver bayou
Gleams among the pines,
Watching o'er the throbbing city
Alma Mater shines.

(Chorus)

Forward, forward, Centenary,
Time and tide may fail;
But our hearts shall love thee ever—
Centenary, hail!

Like a wave the mighty city
Surges 'round thy feet,
Guide it, train it, teach it wisdom,
Alma Mater sweet.

Green the boughs that rustle 'round thee
On thy stately crest;
Greener is our memory of thee—
Alma Mater blest.

Success in life is achieved by persistent application of one's best efforts. The failure of one member of a team to put forth his utmost strength in a contest, may cause disaster and defeat. The applause that is given by the spectators may be loud and comforting, but the consciousness of having done one's full duty, brings an undying joy, surpassing every plaudit.

Boys, we are with you and for you to the bitter end.

"SILVER FLASH" GASOLINE

There are many different brands of gasoline on the market—they all look pretty much alike—everyone claims he has the best—what we would like to have you do is to try a tank of "SILVER FLASH" gasoline and "discover the difference." "Silver Flash" is a pure first-run gasoline, and insures a contented motor on good roads or bad.

Well Dressed Women Can Quickly Tell The Difference

WOMEN who wear good clothes are quick to appreciate good cleaning. "Just as good" methods are poor substitutes for the original. Excelsior Way is different . . . it is thorough . . . it is dependable. Our complete facilities assure perfection in every detail. Excelsior cleaning removes every spot of soil and sign of wear, and the final touch—the pressing—restores the original shape and style. Yes, well dressed women can quickly tell the difference . . . that's why they telephone 6238 for a representative to call for their cleaning and dyeing.
